

FAMILY ACTIVITIES

SAHJAN KOONER

On the second Saturday of every month, drop by any time between 12:00 and 15:00 for an exciting hands-on experience. Perfect for ages 6-12, these workshops are a beginner-friendly introduction into different creative technologies.

Workshops will be held in Studio/Lab, a space on FACT's third floor made especially for artists (of all ages!) to make and play.

Sat 20 June

Sat 11 July

Sat 8 Aug

ACTIVITY SHEET

SCHOOLS & YOUTH GROUPS

Are you interested in a free tour of our exhibitions? Or having a member of our team come to your school or youth group to deliver a free workshop?

If you're a teacher or educator interested in art and creative technology, get in touch. We offer free exhibition tours and workshops that can be tailored to all ages and abilities.

To arrange your visit, a workshop or to ask us a question, please email learning@fact.co.uk

22 MAY - 16 AUG 2026

the zone of Ghosts

SAHJAN KOONER (darkforest) *The Zone of Ghosts*

darkforest (The Zone of Ghosts) is an exhibition by artist Sahjan Kooner and young people from Liverpool and Leigh.

This exhibition will grow and change over time as new stories are shared and the young people work together to make a film.

Inside the darkforest, there is a bonfire to gather around to share stories and imagine different futures together. Discover objects that need to make their way to the darkforest, play the game in the gallery, and think about the objects you would keep safe.

If you could donate an object to the darkforest, what would it be?

Who found the object?

What does the object do?

How did the object end up here?

How did the object get its magical powers?

Draw your object on the card and write a story about the journey this object took to reach the darkforest.
